

Welcome to the Year 5 Home Learning Menu.

This term we are setting one creative challenge along with Maths and English, which will be set weekly online. The creative task will give your children the opportunity to extend and embed their learning for a topic we are exploring this half term.

Each week, Maths and Grammar will be set on SPAG.com and Maths.co.uk. The passwords for these websites are in your child's reading diary. These must be completed on a weekly basis.

At the end of the half term, we will showcase the work brought in by the class.

Year 5's Weekly Homework

- Each week, your child is expected to read 2-3 times a week at home and for this to be recorded in their reading diary.
- A weekly Maths or English task will be set on a Tuesday and should be completed by the Friday of that week.
- Spellings will be given out on Friday and sent home with them being tested on the following Friday.

Thank you

Newton Bluecoat Home Learning

Year 5

Topic: Rainforests

Shoobox Rainforest (Diorama)

Transform a shoebox into a 3D ecosystem. Turn the box on its side to represent the vertical layers: use dark greens for the forest floor, leafy cut-outs for the canopy, and tall paper trees poking out for the emergent layer.

Creative Challenge

Rainforest in a Jar (Terrarium)

Create a miniature water cycle using a glass jar, pebbles, soil, and small tropical plants like ferns or moss. Sealing the jar allows you to see "rain" (condensation) form on the glass and drip back down.
